

## Street Haven at the Crossroads

IS A MULTI-PROGRAM AGENCY ESTABLISHED IN 1965 TO SERVE HOMELESS WOMEN.

We provide:

### SAFETY

Support for **RECOVERY** and

A Road to **SELF-SUFFICIENCY**

We work with marginalized women in downtown Toronto, and we make a difference.

## Street Haven Shelter

Is an emergency program that provides essential services for women –shelter, food and clothing. Case management services are available to give support needed to make changes.

## Street Haven Addiction Services

### > GRANT HOUSE

Grant House is a six-month residential treatment program. It offers a client-centred, holistic, abstinence-based approach that encompasses mind-body-spirit practices.

Cognitive living skills and individual counselling are key areas of focus. Upon completion there is a two year after-care program. We serve women referred through community programs, shelters and the justice system.

### > ADDICTION CASE MANAGEMENT

The overall goal of the Addiction Case Management program is the recovery, empowerment and improved life skills of high-risk women with substance use issues. This is achieved through one-on-one counselling, often within the community itself, along with community-based referrals and individual plans.

## Street Haven Supportive Housing

This program provides Supportive Housing for women residing in various locations in Toronto. Women living with mental health and/or addiction issues are supported by case managers. The goal is recovery through hope, self awareness, life skills, supportive relationships and personal responsibility.

## Street Haven Learning Centre

Offers supportive environments where women have an opportunity to learn at their own pace and accomplish their goals. Women can develop foundational skills in academic subjects and computer technology. Our services include computer access, training, pre-employment readiness and essential skills development that enable women to move on to further education, training, employment and personal independence.
